HPSA 2010-2011 WINTER TRAP LEAGUE

SCORING

Each competition cycle (every week) will include a 16-yard singles round and a handicap round.

HANDICAP YARDAGE

The lowest score for the team from 16-yards will be dropped and the remaining 4 scores will be totaled to determine the handicap yardage for the team. The team must have at least 3 shooters to determine the handicap yardage. Scores will be rounded to the nearest whole number (.1 to .4 round down and .5 to .9 round up). Shoot ahead scores will not be used to determine handicap yardage. The minimum handicap yardage will be 18.

All five (5) scores will be used to determine team totals for each week towards awards.

NUMBER OF SHOOTERS

A team must field a minimum of three shooters for the competition cycle. If the team has 3 or 4 shooters, a score of 15 targets is recorded for the absent shooter(s) for both the 16-yard singles and the handicap scores, for a total of 30 targets. These numbers will not be used when calculating the teams' average to determine the handicap yardage.

AWARDS

Top three (3) teams will be awarded trophies; 1st place, 2nd place, 3rd place. Lewis classification scoring will also be awarded. Number of classes will be determined by the number of teams on the league. A "Top Gun" trophy will be given to the top team in each class division. Class A; Class B; Class C; etc. The 1st place team will receive only one (1) trophy for 1st place and "Top Gun" for Class A. Individual trophies will be awarded to the top three (3) male shooters; top three (3) female shooters; and the top three (3) junior shooters.
